Do you walk away to be on your own
in a state, feeling my heart
is it just to say we're falling apart
just don't know what I'd say
my only friend

I wanna know why I heard no reply
then every thought becomes a sad lullaby

you can walk away whenever you want
but you know the attraction was chance
write it all down one day when I am alone
but you know what I'd say
my only love

like in the play, playing my part
all I can say, you'd be taking my heart

cos I really am the man to be
with you right through to the end
is it just a feeling in me
well we'll see
cos I really am the man to be
together with you till the end
or is it just a feeling we'll see

walking down the lane together, in life
never want to see you cry
I can't be down, this love's insane
but you know what I'd say
my only wife

I wanna know why I heard no reply
then every thought becomes a sad lullaby

cos I really am the man to be
with you right through to the end
is it just a feeling in me
well we'll see
cos I really am the man to be
together with you to the end
or is it just a feeling we'll see
