

Can't Give It Up

Survivor

Growin' up he was tagged a rebel
She was the smoke, he was the fire
They had the time of their lives together
Turning it up higher and higher

Now people talk about the two of them
And just shake their heads
It's all just a cryin' shame
He's got a heart, she'll never tame

He can't give it up
Never give his heart away
Can't give it up
Never gonna give it away

Gets it in the night
Hides it from the light of day
Ooh yeah
He's too wild to tame

He got hooked on the spotlight
Fortune and fame, one-night stands
Under the spell of the hot lights
He had it all in the palm of his hand

Now, she's waitin' in the wings and feelin'
Alone in the crowd
Their love is just a distant fire
He's too wild and she's too proud

He can't give it up
Never give his heart away
Ooh, can't give it up
Never gonna give it away

Gets it in the night
Hides it from the light of day
Can't give it up
He's too wild to tame

Growin' up he was tagged a rebel
He was the smoke, she was the fire
They had the time of their lives together
Turnin' it up higher and higher

People talk about the two of them
And just shake their heads
It's all just a cryin' shame
He's got a heart, she'll never tame

He can't give it up
He'll never give his heart away
Can't give it up
Never gonna give it away

Gets it in the night
Hides it from the light of day

Can't give it up
He's too wild to tame
