

# Don't Give Up

Survivor

It's hard to see  
And harder to do  
It's easy to walk away and say the game is through  
But it's up to me  
And it comes down to you  
It's easy to throw it all away for something new

Don't Give Up  
Don't let go  
Till' we give it all we've got we'll never know  
Don't Give Up

Don't you know  
It's taking its toll  
Sometimes the road will lead us where we never go  
Look in my eyes  
And into my heart with all of the time that's come and gone, we  
've come so far

Don't Give Up  
Don't let go  
Till' we give it all we've got we'll never know  
Don't Give Up  
Hold on tight  
Nothing is easy when it's real, it feels so right, Yeah!  
Don't Give Up

Sometimes it takes so long  
To know what's right or wrong  
But if you believe enough, it's all you'll ever need  
Don't Give Up

Don't Give Up  
Hold on tight  
Nothing is easy when it's real, it feels so right  
Don't Give Up..  
Nothing is easy when it's real, it feels so right  
Don't Give Up....
