## **Both Sides, Now**

**Susan Boyle** 

Castles in the air and feathered canyons everywhere I've looked at clouds that way But now they only block the sun

They rain and snow on everyone So many things I would have done But clouds got in my way

I've looked at clouds from both sides now From up and down, and still somehow It's clouds illusions I recall I really don't know clouds at all

Moons and junes and ferris wheels The dizzy dancing way you feel As every fairy tale comes real I've looked at love that way But now it's just another show You leave 'em laughing when you go And if you care, don't let them know Don't give yourself away

I've looked at love from both sides now From give and take, and still somehow It's love's illusions I recall I really don't know love at all

Tears and fears and feeling proud To say, "I love you", right out loud Dreams and schemes and circus Crowds, I've looked at life that way

But now old friends are acting Strange, they shake their heads They say I've changed Something's lost but something's Gained in living every day

I've looked at life from both sides now From win and lose, and still somehow It's life's illusions I recall I really don't know life at all
