

Love Never Treats Me Right

Susan Tedeschi

Have you ever said now he's the one?
I'm gonna love this man until I'm ninety-one
Oo-ee baby love is out of sight
I said love just never treats me right

I'll love this man until I'm ninety-two
but oh lord what's a girl to do?
I love this man with all my might
but love Just never treats me right

I love this man with all my heart and soul
I love this man from head to toe
well I love this man with all my might
Why won't love ever treat me right?

I'll love this man until I'm ninety-three
but oh lord he's done some hurtin' on me
Me and my baby we fuss and fight
I said why won't love ever treat me right?
I said why won't love ever treat me right?
Why won't love ever treat me right?
