

Security

Susan Tedeschi

Security yeah, I need some security

I want security, yes

Without it I'm at a great loss, yes I am now

Security, yes

And I want it at any cost, yes I do now

I don't want no money now

Don't want no paper

With security yes, I'll have all of these things, yes

Oh security, yes

That's all I want from you, yes I do

Oh security, yes

And a little love that will be true, oh right now

Your sweet lips you know they tells me

That you're the one for me

Darling, how can I forget

How can I forget, now

Oh, security is what I want right now

Your life is still right but baby

I need a little more money, honey

I can't spend your love at the grocery store

I need security, yes

I'll tell you once again

Oh security, yes

And I want it to the end, yes I do

Your sweet tender lips you know they tell me

That you're the one for me

How can I forget, yeah How can I forget, yeah

Security is what I want right now
