

Wait For Me

Susan Tedeschi

Wait for me
You know I love you so darling
Tell me, tell me baby
Oh, that you won't have to go
Oh, but if I don't see you no more, no more, no more
Just remember who it was that walked out the door

It's so true
That parting is such sweet sorrow
No way, no way that you, oh you may not be back tomorrow
But if you
If you ever, ever change your mind
call me, call me up anytime, anytime

Honey I'll wait for the day
Oh, when you won't feel this way
and I'm gonna hold you
I'm gonna hold you so close
Don't, don't, don't try to analyze
And oh hold me till you decide

Baby, please, come on home
Oh, come on home
Yeah now

Its so true
Parting is such sweet sorrow
No way, no way that you, you may not be back tomorrow
Oh, but if you, if you ever, ever, ever change your mind
Oh, call me, call me up anytime, anytime

Just wait for me
Oh, wait for me
Oh, wait for me darling
Oh why, why won't you wait
Why won't you wait darling
For me, for me, for me baby.
