

Falling

Susanna Hoffs

Piece by piece I come undone
Lose my equilibrium
I crash but I don't care
Nothing to hold on to
I won't look back, I'll look for you
And I'm almost there

I am fallin'
I am fallin'
I am fallin' for you

I come undone
Piece by piece
I'm overcome, overcome
Come undone, come undone

On the floor against the wall (against the wall)
To the sound of the stars, I fall
So hard but I don't care
All around and down we go (down we go)
Swimming in the undertow with you
There is no fear

I am fallin'
I am fallin'
I am fallin' to you

I come undone
Piece by piece
I'm overcome, overcome
Come undone, come undone

Piece by piece you come undone (come undone)
Lose your equilibrium
We crash but we, we don't care

I am fallin'
I am fallin'
I am fallin' for you
I am fallin'
I am fallin'
I am fallin' to you
