

# Holding My Breath

Susanna Hoffs

Take a minute, a minute to breathe  
Oh I'm trying to see what you see  
You're always running in place  
Looking down

Heavy thoughts can always recede  
But you're stuck inside reprise  
And the truth is right there, but you're looking past  
Think it isn't fair but don't think so fast

Come to me  
I know we're losing time  
Let me take the weight from your mind  
Come to me  
I know you're bruised  
And it's harder all the time to do your best  
I keep holding my breath

I'm trying to be what you need  
You only hear your own voice  
Caught in the sound  
Open up to me and we'll turn it around

Come to me  
I know you're bruised  
And it's harder all the time to do your best  
I keep holding my breath  
Come to me  
I know we're losing time  
Let me take the weight from your mind

You always say it's raining  
Don't let it chill you to the bone  
And if it's cold out there  
Come on inside and make my house your home

Come to me  
I know we're losing time  
Let me take the weight from your mind  
Come to me  
I know you're bruised  
And it's harder all the time to do your best  
I keep holding my breath  
I keep holding my breath  
I keep holding my breath
