

# Lullaby

Susanne Sundfør

Hush my baby  
Little darling  
Silver dreams are  
Golden in the morning

Dreams are velvet  
Sew them on the evening sky

Thread of hope with  
Diamond pearls on  
Sew them on the velvet sky  
So you can try them on

In your dreams where  
Everything you wish will come true

Climb the stars and  
Make a journey  
Some will lift you higher up  
Some will burn up right before your eyes  
Some will take you to another galaxy
