

Please go slowly  
I wanna feel every move you make  
All the nightmares  
They will disappear  
As you come near  
Let's dance all night

And you say it's gonna last forever  
We have different heartbeats  
But all the same heartbreak  
And I can feel it in the way you hold me  
The way you hold me  
In know you're lonely too

Please go slowly  
I can feel you move my way  
All the darkness  
It will fade away  
Until the light of day  
You are my stars tonight

And you say it's gonna last forever  
We have different heartbeats  
But all the same heartbreak  
And I can feel it in the way you hold me  
The way you hold me  
The way you hold me  
The way you hold me  
The way you hold me  
I know you're lonely too

And I hope it's gonna last forever  
We have different heartbeats  
But all the same heartbreak  
Oh, I can feel it  
In the way you hold me  
The way you hold me  
I know you're lonely  
(I can feel it)  
In the way you hold me  
(In your heartbeats)  
I know you're lonely  
(I can feel it)  
In the way you hold me  
(In your heartbeats)  
I know you're lonely  
In the way you hold me  
I know you're lonely  
In the way you hold me  
I know you're lonely  
In the way you hold me  
I know you're lonely  
In the way you hold me  
In the way you hold me
