

Slowly

Susanne Sundfør

Please go slowly
I wanna feel every move you make
All the nightmares
They will disappear
As you come near
Let's dance all night

And you say it's gonna last forever
We have different heartbeats
But all the same heartbreak
And I can feel it in the way you hold me
The way you hold me
I know you're lonely too

Please go slowly
I can feel you move my way
All the darkness
It will fade away
Until the light of day
You are my stars tonight

And you say it's gonna last forever
We have different heartbeats
But all the same heartbreak
And I can feel it in the way you hold me
The way you hold me
The way you hold me
The way you hold me
The way you hold me
I know you're lonely too

And I hope it's gonna last forever
We have different heartbeats
But all the same heartbreak
Oh, I can feel it
In the way you hold me
The way you hold me
I know you're lonely
(I can feel it)
In the way you hold me
(In your heartbeats)
I know you're lonely
(I can feel it)
In the way you hold me
(In your heartbeats)
I know you're lonely
In the way you hold me
I know you're lonely
In the way you hold me
I know you're lonely
In the way you hold me
I know you're lonely
In the way you hold me
I know you're lonely
In the way you hold me
