

Feather In The Wind

Susie Suh

Looking at the sea again
Tides they rise and fall and then they rise again
My love floats like a feather in the wind
Catch me if you can, just catch me

And I don't know just what
I'd do if you found your way back through
I'm clearing all the cobwebs that we weave
Making room for you and me

There's a road to my heart
Follow signs to the right
When you see all the lights
Glowing bright inside the dark you know you've found me

Looking at the cityscape
Tiny little bubbles sparkling in the night I don't think its ever too late
To cut the ties that bind us to our lies

And I don't even know just what I'd say
If you found your way back I'm clearing all the cobwebs that we make
Wishing for you to stay

There's a road to my heart
Follow signs to the right
When you see all the lights
Glowing bright inside the dark you know you've found me

Looking at the sea again
Tides they rise and fall and then they rise again
My love floats like a feather in the wind
Catch me if you can, just catch me
