

# I Do

Susie Suh

I don't know  
What am I doing here  
There's a shadow in my place  
Maybe now everything will be so clear  
You shed light into this empty space

And all I am, all I have doesn't even matter now  
I can't understand why I feel this way  
But I do, I do

I just want to love you when the goings tough  
I just want to hold you when you're not enough  
I just want to give you everything I've got  
I do, I do

I don't know  
What am I sayin' here  
There's a hole in my heart and it's beggin' please  
Maybe now everything will be so clear  
'Cus you're all I'll ever need

All I know is, I don't want to lose control  
I just want to touch your soul  
I do, I do

I just want to hold you when the goings tough  
I just want to love you when you're not enough  
I just want to give you all that I can give  
I do, I do

I just want to kiss you in the morning sun  
I just want to love you when the day is done  
I just want to hold you just because I can  
I do, I do

I just want to fold you up into my arms  
I just want to listen to your beating heart  
I just want to love you just because I do  
I do, I do
