Freeze Tag

Suzanne Vega

We go to the playground
In the wintertime
The sun is fading fast
Upon the slides into the past
Upon the swings of indecision
In the wintertime

In the dimming diamonds Scattering in the park In the tickling And the trembling Of freeze tag In the dark

We play that we're actors On a movie screen I will be Dietrich And you can be Dean

You stand
With your hand
In your pocket
And lean against the wall
You will be Bogart
And I will be
Bacall

And we can only say yes now
To the sky, to the street, to the night

Slow fade now to black Play me one more game Of chivalry You and me Do you see where I've been hiding In this hide-and-seek?

We go to the playground
In the wintertime
The sun is fading fast
Upon the slides into the past
Upon the swings of indecision
In the wintertime
Wintertime
Wintertime

We can only say yes now
To the sky, to the street, to the night
We can only say yes now
To the sky, to the street, to the night
