

## If I Were A Weapon

Suzanne Vega

If I were a weapon  
you said I'd be a gun  
lethal at close range i guess  
with silencer and stun

but I feel more like a needle  
always pulling on the thread  
always making the same point again  
and wondering if you heard what I just said

if you were a weapon  
a hammer's what you'd be  
blunt and heavy at the end  
and coming down on me

but i've concealed a weapon  
in a pocket knife attack  
all folded up inside until you see the shine  
and then you'll want it back

oooh  
if I were a weapon  
you said i'd be a gun  
lethal at close range I guess  
w silencer and stun

well, if I am that weapon  
I am pointing now at you  
so just put down the hostage and we'll  
talk it down until we see this through
