

Back To The Drive

Suzi Quatro

East side, west side
Livin' on the best side
Doesn't mean you can't come with
From the north, the south
Whatever you're about
I'll give you a guarantee
you still got more to give

Twenty-five years
doesn't make a lot of sense
If you're not out there rockin'
you're just sittin' on the fence
Throw away the pills
you won't need 'em anymore
The limousine is waitin' at your door

Let's go back
Let's go back, oh yeah
We'll do the forty acre line
When we all go
Back to the drive
Let's go back
Let's go back, yeah
Take a rollercoaster ride
And we'll all go
Back to the drive, yeah

The glitter, the glamour
The way we made it look
And then we learned to use it like a hook
And it was so true, me and you
We had never looked better
We had every little thing it took

Precious metal
drippin' off our walls
Magazines whose stories
made it crystal clear
Well that's good,
but we always wanted more
The limousine is waitin' at your door

Let's go back
Let's go back, oh yeah
We'll do the forty acre line
When we all go
Back to the drive
Let's go back
Let's go back, yeah
We'll take a rollercoaster ride
And we'll all go
Back to the drive, yeah

Let's go back
Let's go back, oh yeah
We'll get the best things in life
When we all go

Back to the drive
Let's go back
Let's go back, yeah
Some medication for the night
When we all go
Back to the drive, yeah

Oh...

Let's go back
Let's go back, yeah

We really lived every minute
If you could do it, we did it
But now we're gonna eat it up again
So let's get ready,
yes we can, babe
Two pigs in a rock and roll pen

We can't sit around
while they raise the rent
They'll cut the tree and then
we'll wonder where the cherries went
We'll pack fire for an encore
The limousine is waitin' at your door

Let's go back

Back
Let's go back, oh yeah
We'll do the forty acre line
When we all go
Back to the drive
Let's go back
Let's go back, yeah
We'll take a rollercoaster ride
And we'll all go
Back to the drive, yeah

Let's go back
Let's go back, oh yeah
We'll get the best things in life
When we all go
Back to the drive
Let's go back
Let's go back, yeah
Some medication for the night
If we all go
Back to the drive, yeah
