

# Elusive Lover

Suzi Quatro

Ohhhh, sometime, elusive lover  
Just one more time, elusive Lover  
You're my one dream-reality  
You're the other side of me  
Touch me-one perfect moment  
There never seems to be that  
Perfect moment  
You're completely out of reach  
You're the disappearing footprints  
On the beach

Why do we need what we never can have?  
Is your body playing games with my mind?  
You are the key to the pleasures inside  
My fantasy, sexuality, elusive lover  
You're the love that never can be  
Elusive lover.  
You're my fantasy (fantasy),  
No morality (no morality).  
Elusive lover (elusive lover)

Tell me, you blame another  
I never meant to be-uncovered  
Surrender your soul to me  
You're a never ending cycle-set me free  
Whenever you leave (wherever you want)  
I will follow (stay) behind (by your side),  
A chance to dream (will you come with me)  
Oh my love

Why do we need what we never can have?  
Is your body playing games with my mind?  
You are the key to the pleasures inside  
My fantasy, sexuality, elusive lover  
You're the love that never can be  
Elusive lover.  
You're my fantasy (fantasy),  
No morality (no morality).  
Elusive lover (elusive lover)

Elusive lover  
Elusive lover  
Elusive lover

Why do we need what we never can have?  
Is your body playing games with my mind?  
(elusive lover)  
You are the key to the wanting in me  
It's a pleasure we never should find  
You're my fantasy (fantasy)  
Sexuality (no morality)
