

# Intimate Strangers

Suzi Quatro

Eye to eye  
Across a crowded room  
You change my life  
You change my life  
Smile to smile  
As would be lovers do  
Unchain my life.  
Unchain my life.

Face to face  
You see so far away.  
A Silent World.  
A silent world.  
You touch my hand  
And the music dies away  
But no one heard.

Didn't anyone hear  
The sound of melody and poetry  
Of intimate strangers, you and I.  
One passing moment in our lives  
It's just a heavenly parody  
Of Intimate strangers in the night  
Ohhh you sail my heart away  
So intimate, too intimate.

The whisper of strangers  
Intimate strangers

Caressing thoughts  
As they turn the lights down low  
To soft to show  
To close to know

You brush my lips  
The feeling was enough  
One touch too much  
Could mean so muuuuuuuoooooh yeah  
You sail my heart away  
Melody and poetry  
Of intimate strangers you and i  
One passing moment in our lives  
Its just a heavenly parody of  
Intimate strangers in the night  
Ooooooh you sail my heart away

So intimate, too intimate  
The whisper of strangers  
Intimate strangers

Eye to eye  
Across this crowded room of closing sea  
Dare we to dream
