

Lay Me Down

Suzi Quatro

You're so good
You're pushin' for the insight
You're waiting for the right time
Should I go Whoah
You're so fine
You take away the lonely
You are the one and only
Who understands how I need it tonight
Stay with me a little longer
Lay me down one more time
Stay with me a little longer
Lay me down a little stronger
Make sweet love one more time
Stay with me

Lay me down Whoah Whoah
Lay me down Whoah whoah
Lay me down Whoah whoah
Lay me down
You're so good
You hold me when I need it
And touch me when I feel it
Oh in the night
You're so fine
You make it long after midnight
You make it last and it's alright
Oh in the night
Love how you love me tonight
Stay with me a little longer
Lay me down one more time
Stay with me a little longer
Lay me down a little stronger
Make sweet love one more time
Stay with me

Lay me down Whoah Whoah
Lay me down Whoah whoah
Lay me down Whoah whoah
Lay me down
