

## Mind Demons

Suzi Quatro

I couldn't sleep last night  
Too much emptiness  
It made me so uptight  
I needed your caress

Whoo -

You were across the hall  
And I was too proud to call  
Instead I fantasized  
I guess that wasn't wise

Whoo - mind demons  
Whoo - in my brain  
Whoo - mind demons  
Whoo - drivin me crazy

I turned on the light  
Another sleepless night  
I grabbed a magazine  
You know the kind I mean

Whoo - mind demons  
Whoo - in my brain  
Whoo - mind demons  
Whoo - drivin me crazy
