I couldn't sleep last night Too much emptiness It made me so uptight I needed your caress

Whoo -

You were across the hall
And I was too proud to call
Instead I fantasized
I guess that wasn't wise

Whoo - mind demons
Whoo - in my brain
Whoo - mind demons
Whoo - drivin me crazy

I turned on the light
Another sleepless night
I grabbed a magazine
You know the kind I mean

Whoo - mind demons
Whoo - in my brain
Whoo - mind demons
Whoo - drivin me crazy
