

Primitive Love

Suzi Quatro

Primitive love, Primitive love
Primitive man make primitive love
Primitive love, Primitive love
Great heavens above, it's primitive love

Drags his woman back of the hill
Rough, and tough, but I don't care
You be Tarzan, and I'll be Jane
Run off and leave you
But I'll come back again
(Heavy Sigh!)

You be Adam, and I'll be Eve
Primitive love is all I need
Jungle fever in my head
Gimme strange kinda lovin'
That's what I said
