Primitive love, Primitive love
Primitive man make primitive love
Primitive love, Primitive love
Great heavens above, it's primitive love

Drags his woman back of the hill Rough, and tough, but I don't care You be Tarzan, and I'll be Jane Run off and leave you But I'll come back again (Heavy Sigh!)

You be Adam, and I'll be Eve Primitive love is all I need Jungle fever in my head Gimme strange kinda lovin' That's what I said
