

# Rock Hard

Suzi Quatro

She spent the whole of last summer looking out for a six foot two  
She gave them all a good chance, she was cool so she told em what to do  
What she needs is a real special guy  
And if you knew her you would never wonder why  
When you see her now you see her with a six foot two  
Oooh Oooh

She never takes a chance  
She doesn't need romance  
Her love is  
Rock hard  
She never takes a chance  
She never dates or dance  
Her love is  
Rock hard Rock hard  
She's rock hard

She goes around with her boyfriend hanging on her arm  
No one gives her any lip no one does her any harm  
All the other girls hanging in the hall  
She's got the boys all wishing they could call  
She starts making out, someone's ringing on the fire alarm  
Oh Oh

She never takes a chance  
She doesn't need romance  
Her love is  
Rock hard  
She never takes a chance  
She never deigns to dance  
Her love is  
Rock hard Rock hard  
She's rock hard  
Whooa! Whooa!

All the other girls hanging in the hall  
She's got the boys all wishing they could call  
She starts making out, someone's ringing on the fire alarm  
Oh Oh

She never takes a chance  
She doesn't need romance  
Her love is  
Rock hard  
She never takes a chance
