Suzi Quatro

Oh no  
Do you love me  
Do you love me  
Do you love me  
Do you love me

I'm so connected about Rosie Rose  
She's a beautiful girl but like nobody knows  
Her ins and outs and her highs and lows  
Are mystery, come to me  
Come to me, Rosie

Oh you can dig a little hole  
In my back yard, Rosie

Oh Rosie's wild and wonderful  
She knows she rules the world  
Cos her friends all think that she  
Is super duper girl

And oh hot chickadee  
How can you be so cruel  
So give me the car  
Give me the keys  
Come on Rosie come and ride with me  
Let's go oh no
