

Let's Go

Suzie McNeil

Hear the sound of the city calling out
Looking pretty
Don't deny
No mistaking 'cause it's there for the taking
Crack a smile for a while
Don't fake it
Change your style
Walk a mile
You can make it

It's an unforgettable sunrise
Let it shine
Let it shine through your eyes

It's a beautiful day
Don't you throw it away
Come on
Are you ready
Get ready.
Jump in your car and forget who you are
Come on
Are you ready
Get ready
Don't get left behind
Let's go

At the town
In the station you will feel the vibration
Let the rock kill then on a never time like no other
Yeah
Yeah
Yeah
Raise your hands so you can stand out in a crowd
Crank it up
It can never be too loud

It can be an endless party
Light it up
Come on get it started

It's a beautiful day
Don't you throw it away
Come on
Are you ready
Get ready.
Jump in your car and forget who you are
Come on
Are you ready
Get ready
Don't get left behind
Let's go
Let's go
Let's go

Ye
Yeah

Yeah
Yeah
Yeah

Ha
Ha
Ha

Come on
It can be an endless party
Light it up
Come on get it started

It's a beautiful day
(Day)
Don't you throw it away
Come on
(Come on)
Are you ready
Get ready
Jump in your car and forget who you are
Come on
Are you ready
Get ready

It's a beautiful day
Don't you throw it away
Come on
Are you ready
Get ready.
Jump in your car and forget who you are
Come on
Are you ready
Get ready
Don't get left behind
Don't get left behind
Don't get left behind
