

Burning Down

Suzy Bogguss

Remember that wall it was too high to climb
The one in between your love and mine
The burnin' down
Woah, burnin' down
We're burnin' it down

That old bridge between now and then
We crossed over, over and over again
Well its burnin' down
Look at it burnin' down
We're burnin' it down

Now who would have thought a love sparks so small,
Could kindle a flame that would engulf it all
Old memories, old burnin' desires
The only way out
Is fight fire with fire

We're burnin' down
Finally burnin' down
We're burnin' it down

Now who would have thought a love sparks so small,
Could kindle a flame that would engulf it all
Old memories, old burnin' desires
The only way out
Is fight fire with fire

We're burnin' down
Finally burnin' down
We're burnin' it down

We're burnin' it down
