

## Chain Lover

Suzy Bogguss

I'm a chain lover  
Lightin' up another  
Before I put the other one out  
Oh, I tried to kick the habit  
Gosh darn and dag nabbit  
There's something there I just can't do without

It's addictive, it's a high  
Lightin' up a guy  
Before I know him, I'm on another jag  
If I let him stay too long  
Seems like everything goes wrong  
Gets to be a king-size drag

And oh, I know that I should quit  
I'm so afraid I'll have a fit  
I'm just a chain lover  
Light another  
Put the other one out

I'm a chain lover  
Let me tell you, brother  
Before I know it, I'm on another jag  
I might be keepin' company  
Before I set the last one free  
Waitin' while the other packs his bag

And oh, I love the afterglow  
But after that, he's gotta go  
I'm just a chain lover  
Light another, put the other one  
A chain lover, light another  
Put the other one out
