

## Don't Wanna

Suzy Bogguss

Don't wanna feel you in my heart  
Don't wanna see yyou in my dreams anymore  
Don't need to hear you're doing fine  
Baby I'm sure

Don't wanna call you on the phone  
Don't wanna hear you being kind to me  
I'll either make it or I won't  
Baby we'll see

I never meant to be your fool  
What can I do, I know it hurts you too  
I wasn't careful at the start  
Me with my dreams you with your change of heart

Don't wanna look into your eyes  
Don't wanna see the way it might have been  
You think I can't see gentle lies  
But baby I can

I never meant to your fool  
What can I do, I know it hurts me too  
I wasn't careful at the start  
Me with my dreams you with your change of heart

Don't wanna spend another night  
Alone and swearing I'll take control  
I'm workin' overtime to hide  
What you already know

Don't wanna feel you in my heart  
Don't wanna see yyou in my dreams anymore  
Don't need to hear you're doing fine  
Baby I'm sure
