

## Friend of Mine

Suzy Bogguss

Twilight I feel the hot wind blowin'  
See the shadows through the window on the sand  
The desert sun is hurlin' on  
And we've got lots of time  
Oh friend of mine

Lyin' in your arms I'm just dreamin'  
And I love to feel your fingers on my skin  
Driftin' in the pearl of night  
The covers you remain  
Oh friend of mine

Friend of mine  
You have always been true  
And I love the way you hold me  
And to try my stand with you

Twilight I feel the hot wind blowin'  
See the shadows through the window on the sand  
The desert sun is hurlin' on  
But we've got lots of time  
Oh friend of mine  
Oh friend of mine  
Oh friend of mine!  
Oh friend of mine
