

## Love Every Time

Suzy Bogguss

I don't listen to the politicians  
I don't believe in any superstitions  
But I will fall for love every time

I don't heed the weatherman's predictions  
I even doubt some of my own convictions  
But I will fall for love every time

I ain't the one who chases all the latest rages  
I reserve my lack of any reservation for nothing but the lure o  
f  
The one thing in life you sure can't be sure of

I don't gamble too many hits and misses  
Don't waste my money on wishing well wishes  
But I will fall for love every time

I ain't the one who chases all the latest rages  
I reserve my lack of any reservation for nothing but the lure o  
f  
The one thing in life you sure can't be sure of

I don't gamble too many hits and misses  
Don't waste my money on wishing well wishes  
But I will fall for love every time
