

Right Back Into The Feeling

Suzy Bogguss

Love, it's true that when it comes to you
I've tried to keep my two feet on the ground
My it's strange how quickly life can change
You've got my nights and days all turned around

Sweet surrender, endless charms
Every moment spent in your arms

Sends me right back into the feeling
Where the world melts under your touch
And you toss my heart to the ceiling
No reason not to fall in love

Love I've lost came at so high cost
Thought I'd be better off just on my own
Then we kissed and all the fun I missed
Felt like a thousand ships turning for home

I'd almost given up believing you would come
Every time I think I should run

You send me right back into the feeling
Where the world melts under your touch
And you toss my heart to the ceiling
No reason not to fall in love

Gotta think about the consequences
Second guess it with a backward glance
My brain doesn't stand a chance
Of changing the crazy dreams my heart has

You send me right back into the feeling
Where the world melts under your touch
And you toss my heart to the ceiling
No reason not to fall in love

You send me right back into the feeling
Where the world melts under your touch
And you toss my heart to the ceiling
No reason not to fall in love
