

Stay Out Of My Dreams

Suzy Bogguss

Twilight is fallin'
The sandman is callin'
Still I'm stallin'
I don't want the night to fall

All day I scurry
I hustle and I hurry
Just got one worry
I don't want the night to fall

Stay out of my dreams
Afraid that you do
'Cause when you're in my dreams
I'm deeper than midnight blue

Why must you haunt me?
Your memories taunt me
You don't even want me
Stay out of my dreams

Twilight is fallin'
The sandman is callin'
Still I'm stallin'
I don't want the night to fall

All day I scurry
I hustle and I hurry
Just got one worry
I don't want the night to fall

Stay out of my dreams
See that you do
When you're in my dreams
I'm deeper than midnight blue

Why must you haunt me?
Your memories taunt me
You don't even want me
Stay out of my dreams
