## **Scum from Underwater**

Rivers and lakes are the fucking wet place Are the damn moist and dangerous place

Down to the depth go Boats and nets Most serious fishermen's threats

Rivers and lakes are the fucking wet place Are the damn moist and dangerous place

Down to the depth go Ferries and mills With the blood spilt by water imps

Dread the chubby waterballs From the deepest pools Taking horse, taking man Down with human rotter

Dread the chubby waterballs From the darkest pools Dread the fury of the depths -Scum from underwater
