Swans

If you wanna be the star
Just get the big guitar
A pair of leather jeans
Lends credibility make all the critics cream
Just get down on your knees
Learn how to scream and seize
Every "opportunity"
You'll make them beg for it
You're one tough rockin' bitch
You got a lot to show
On college radio
So drop all the petals soft as velvet
Tear up your petals moist and delicate
Flower petals soft as velvet
Rip up the petals moist and delicate
They're falling
Now I know you wanna be the rage
Wanna live inside the formaldehyde cage
I know your mind's made up
Your breasts tattooed
The power won't rub off
Now it's part of you
You got nothing to prove
You got nothing to prove
You've shown to those pricks once more
Made them beg for it
You're one bad bitchin' whore
So drop all the petals soft as velvet
Tear up your petals moist and delicate
Flower petals soft as velvet
Rip up the petals moist and delicate drop all the petals soft a
s
Velvet
Tear up your petals moist and delicate
Flower petals soft as velvet
Rip up the petals moist and delicate
Rip up the petals moist and delicate
Flower petals soft as velvet
Rip up the petals
Rip up the petals
They're falling
