Just A Little Boy

Now I sleep in the belly of woman And I sleep in the belly of man And I sleep in the belly of rhythm And I sleep in the belly of love I sleep in the belly of oceans I sleep in the belly of truth I sleep in the belly of kindness And I sleep in the belly of you

I'm just a little boy I'm just a little boy I'm not human I'm not human I need love! I need love! **Swans**
