

# Mona Lisa, Mother Earth

Swans

Tonight I'll spend the night in Mona Lisa's bed  
She'll hide this beaten man beneath her innocence  
Tonight no dreams ignite in Mona Lisa's mind  
We'll ride a drowning world through the cold dark skies

Mona Lisa

My mind's an ocean in Mona Lisa's hand  
She dreams a hardened world where the water runs red  
Tonight my dreams unborn on Mona Lisa's breasts  
We'll walk a burning world where the sun shines darkness
