

The Beautiful Days

Swans

Y'know ...

Could do this for fifteen minutes or something

Talk to the man while he masturbates

You know, that was something I think I could, I could do

You know, and of course you don't even, you know, ever meet the
man or see the man

You have to listen to him go on and say disgusting things

But I suppose there's things more disgusting if that's the way
you're looking at it
