

Leave the World Behind

Swedish House Mafia

Leave The World Behind you yeah
Leave The World Behind you And leave this world behind

People can you hear me?
There is a message that I'm sending out
I've got the answers to all your problems
And tonight I'll be singing it loud

Just surrender yourself to the rhythm
Put your hands up in the sky
Feel the energy deep inside your system
And leave this world behind

Leave the world behind you Yeah

Leave the world behind you And leave this world behind

Leave the world behind you And leave this world behind
