

# Leave the World Behind

Swedish House Mafia

Leave The World Behind you yeah  
Leave The World Behind you And leave this world behind

People can you hear me?  
There is a message that I'm sending out  
I've got the answers to all your problems  
And tonight I'll be singing it loud

Just surrender yourself to the rhythm  
Put your hands up in the sky  
Feel the energy deep inside your system  
And leave this world behind

Leave the world behind you Yeah

Leave the world behind you And leave this world behind

Leave the world behind you And leave this world behind
