

# Hold Me

Sweet

I packed the bag  
Said I'm leaving here  
As I moved on  
Turning no waving hand  
I should have known better  
Than to think that you really cared  
But dear I know better  
When somebody leaves you  
It isn't the end of the world

I tore down the blind  
Trying to get myself together  
I felt the eyes close  
When my heart really went away  
I woke up next morning  
And a new day was already dawning  
Woman is it fortunately  
You came into my life and you kissed  
All my heartaches away

Hold me, hold me  
So that I can love again  
Hold me, hold me  
So that I can love again

You gave me a new start  
So I gave you my heart  
I'll lay down my soul for you  
I'm willing to go for you  
Don't let me chase ringles  
'Cause if you ever leave me  
It will be the end of the world

Hold me, hold me  
So that I can love again  
Hold me, hold me  
So that I can love again

Your love light  
Set me free  
You made a man of me  
Your love is all I need  
No way will I ever go away

Hold me, hold me  
So that I can love again  
Hold me, hold me  
So that I can love again
