

Laura Lee

Sweet

I believe the dreams she weaves
Turnin' a wheel 'till nothing is real
At her call the mighty fall
Echo insane, her laughter remains

Shaded tear for souvenirs
Sharing your past, the memory lasts
Oh, I love her, ooh yeah
She leads the way 'till my night turns to day

I can't give enough of my lovin'
To Laura Lee
My sweet Laura Lee
I can't give enough of my love
To Laura Lee
Sweet Laura Lee

Years of gold, her wings unfold
Carry me back to when I was young
Virgin days that slipped away
I love her today more than my words could say

I can't give enough of my lovin'
To Laura Lee
My sweet Laura Lee
I can't give enough of my love
To Laura Lee
Sweet Laura Lee
I need all her love
