

Solid Gold Brass

Sweet

Heart of a woman but she's a child
Something inside that's gonna drive you wild
You, you go take a walk, I don't need that kind of talk
'Cause I'm a man not a mother

Solid gold brass got a mean streak
And it's running through my veins
Solid gold brass gotta green streak
And it's going to my brain
But she helps me hang on in there
Solid gold brass

Stars in her eyes, she's playin' her game
Smooth words and T birds, her only claim to fame
Hey, just watch what you say, don't talk about her that way
You know I said I'm a man not a mother

Solid gold brass got a mean streak
And it's running through my veins
Solid gold brass gotta green streak
And it's going to my brain
And she helps me hang on in there

Solid gold brass got a mean streak
And it's running through my veins
Solid gold brass gotta green streak
And it's going to my brain
And she helps me hang on in there
Solid gold brass

Heart of a woman but she's a child
Something inside that's gonna drive you wild

Solid gold brass got a mean streak
And it's running through my veins
Solid gold brass gotta green streak
And it's going to my brain

Solid gold brass got a mean streak
