

Tell the Truth

Sweet

In the eyes of the world
You're a rock n' roll widow
But where is the girl
That I used to know

Your friends try to blame me
But you know that it's crazy
Tell the truth, I can't take anymore
Tell the truth, I just can't take no more

Tell, tell the truth
Or turn, or turn me loose
Tell, tell the truth
Or turn, or turn me loose

I gave you my world
And you gave me nothing
But it's never enough
There's always one more thing

Can't stop what I do
It's the only thing that gets me through
Tell the truth, I can't take anymore
Tell the truth, I just can't take no more

Tell, tell the truth
Or turn, or turn me loose
Tell, tell the truth
Or turn, or turn me loose
Tell, tell the truth

Tell the truth, I can't take anymore
Tell the truth, I just can't take no more

Tell, tell the truth
Or turn, or turn me loose
Tell, tell the truth
Or turn, or turn me loose
Tell, tell the truth
