```
I've always been a bit strange
Which one of me is gonna change?
Wish there were eight days a week
Hardly got the time to speak
To anyone, except myself
Two into one, won't
It won't go
Two into one, won't
It won't go
Two into one, won't
It won't go
Two into one won't go
We'll get myself together
One of us must join the other
Nothing's guaranteed to last
Life is just a plastic glass, hello
Two into one, won't
It won't go
Two into one, won't
It won't go
Two into one, won't
It won't go
Two into one won't go
Two into one won't go
I've always been a bit strange
Two into one won't
Which one of me is gonna change?
It won't go
We are just a schizoid man
Help each other best we can
Together, but is it possible?
You know, you know
Two into one, won't
It won't go
Two into one, won't
It won't go
Two into one, won't
It won't go
Two into one won't go
Two into one won't go
Two into one won't go
```

Two into one won't go
