

Waters Edge

Sweet

I don't wanna live here any more
The plus is to high as a vaine
With a little less take and a little more give
I might find a reason for staying

Down by the waters edge
'coes theres too much gone on under
Down by the waters edge
'coes theres too much gone under

Give me a ticket to the promised land
I'll still gotta settel my score
The next boat is leaving and i be there
We're the last in line we shot the door

Down by the waters edge
'coues theres too much gone on under
Down by the waters edge
'coes theres too much gone under

Now i am here in my paradise
Living my life my way
Love is the only thing that i need
I found my reason for staying

Down by the waters edge
'coues theres too much gone on under
Down by the waters edge
'coes theres too much gone under
