

## Where Do We Go From Here

Sweet

Now we could sit and talk all day  
You can stand up and just walk away  
By the time start up the door  
But you forget what we came for  
You see what i mean to say  
Corse we leav or lost this way  
We coul't forget or at least we could try  
To start again or say goodbuye

Baby where do we go from here  
Baby where do we go from here  
Baby are you for one more try  
Darling or do we say goodbuye

You`re mom like a stranger evry day  
Unlucky to give it`s lost this away  
And when we will give em you will see  
Yes away that we will both to blame  
Oh yaeh we both found out new ways  
Will them on Rainy or on sunny days  
We could not return ore could we it do?  
Girl I`m still a fool for you

Baby where do we go from here  
Baby where do we go from here  
Baby are you for one more try  
Darling or do we say goodbuye

I`ve been thinking it`s over  
Every day and every night  
Any way I`m turn  
I see there is no try  
Just thinking it`s over  
Think of what you do  
Oh girl I`m still a fool for you

Baby where do we go from here  
Baby where do we go from here  
Lady are you for one more try  
Darling or do we say goodbuye

Baby where do we go from here  
Baby where do we go from here  
Baby are you for one more try  
Darling or do we say goodbuye
