

Crazy

Sweetbox

I'm a wild one
I'm lots of fun
What can I say
I betcha you're gonna like it way yeah yeah
Don't really care
I know I'm not the girl next door
But I can give you much more and
Make you scream make you lose control
Yeah, I'm gonna drive you crazy
I'm crazy, real crazy
What you think don't even faze me
I'm crazy, can't tame me
I'm crazy, real crazy
What you think don't even faze me
I'm crazy, can't tame me
I break the rules
'cause I don't care
Do what I wanna do
I stay out late and wear what I wanna wear
Have you ever had a girl like this
So untamed
I can break you down
With just a kiss
Gonna make you remember this
So I like to have a little fun
I've always been a real wild one
And I know that you really like it that way
