

God On Video

Sweetbox

I believe in the human spirit
And I believe that all our gods can hear us
I believe that we all are good
And we'd be better if we could
Just God on video
Wisdom in the show
In order to believe
We need to see it on TV or video
Wisdom in the show
In order to believe
We need to see it on TV or video
I believe in a mother's strength
And I believe that fathers shouldn't leave
I think we all should listen more
And that love is the only door
God on video
Wisdom in the show
In order to believe
We need to see it on TV or video
Wisdom in the show
In order to believe
We need to see it on TV or video
Every mind needs a dream
Like every song needs a theme
Cuz life's a fight (life's a fight)
And we weren't born to cry (born to cry)
We were born to try (born to try)
And try and try and try
God on video
Wisdom in the show
In order to believe
Do we need to see it on TV?
God on video
Wisdom in the show
In order to believe
We need to see it on TV or video
Wisdom in the show
In order to believe
We need to see it on TV or video
